## Education

**Institute of Engineering & Science, IPS Academy Indore**  
Bachelors of Technology in Computer Science and Engineering

Dec 2022 - May 2026  
SGPA : 9.4 (VI sem)

## Experience

### **Celebal Technologies** [Internship Completion Certificate](#)

*React.js Intern*

May 2025 – July 2025

[Github](#)

Built 8+ production-ready React.js apps with modern UIs using Tailwind, MUI, Redux.  
Developed a full-stack Service Desk App with Google Auth, role-based access, and real-time updates.  
Integrated JWT, PayPal, Cloudinary, Firebase in MERN stack projects.

### **Thynkfy**

*Web Development, Internship*

Dec 2023 - March 2024

Indore, India

Developed and maintained responsive websites for clients in various industries.  
Collaborated with cross-functional teams to implement new website features and enhancements.  
Contact : Raj Dashore (CEO and Co-Founder)

## Projects

### **Major Projects**

#### **1. Service Desk – MERN Full Stack Application**

June 2025 – July 2025

repo: [Service Desk Project](#)

- Developed a full-stack Service Desk ticketing platform with role-based access (User/Admin).
- Enabled users to raise, track, and manage issue tickets with real-time email notifications.
- Built a responsive React.js frontend using Tailwind CSS, featuring user/admin dashboards and ticket CRUD.
- Added comment threads for communication and admin-level ticket assignment/status management.
- Integrated Firebase Authentication for secure login and MongoDB for backend ticket storage.
- Created RESTful APIs with Node.js/Express, including middleware-based access control.

#### **2. Travel Story [MERN]**

September 2024-December2024

(Personal Project)

repo: [TravelStory](#)

- Developed a React-based platform where users share travel experiences, upload photos, and maintain personal journals.
- Built a responsive UI using Tailwind CSS with advanced search and filtering capabilities (by location, tags, categories).
- Designed a scalable Node.js/Express.js backend with MongoDB to store stories, user profiles, and media content.
- Implemented secure API routes and optimized CRUD operations for seamless story management.

### **Mini Projects** (Personal Projects)

- **Vehicle Rental System (Java OOPS)**  
Designed a console-based system applying OOPS concepts (inheritance, polymorphism) to manage vehicle rentals.
- **E-commerce Platform (Java OOPS)**  
Built a CLI application simulating an e-commerce platform using abstraction and encapsulation.
- **Payroll Management System (Java OOPS)**  
Developed a console-based payroll system using Java OOPS principles to manage employee records and salary calculations.
- **Fun Projects Collection (JavaScript)**  
Created mini JavaScript games like Tic Tac Toe, Guess the Number, Simon Says, Stone Paper Scissors focusing on DOM manipulation and game logic.

**Leetcode Achievement:** [gracepatel91](#)

**Coding Ninja Achievement:** [GracePatel](#)

**WordPress Websitet Developmenttl:** [explorewonders.in](#)

## Technical Skills

**Programming languages:** Java, Python, Javascript, SQL

**Frontend:** HTML, CSS, TailwindCSS, React.js

**Backend:** Node.js, Express.js, MongoDB, MySQL, Spring Boot

**Version Control:** Git, Github

## Relevant Coursework

**Computer Science:** DSA, Database Management, Operating Systems, Computer Networks, Computer Architecture

**Mathematics:** ML, Discrete Maths, Probability and Statistics, Linear Algebra

## Achievements

**GSSoC'24:** Opportunity to contribute in projects [Github](#)

**GSSoC'24Extended:** [Certificate Link](#)

## Extracurricular and Certificates

---

- Programming Fundamentals: Intro to Java from Codingninjas(2024):- Certificate
- Web Development Fundamentals: HTML & CSS from Codingninjas(2024):- Certificate
- Java with DSA and System Design from PhysicsWallah(2023) : -Certificate
- District Sahodaya School Complex (04/2020)
- CENTRAL TRAANCORE SAHODAYA COMPLEX (10/2019)
